

Blue River Trails Committee  
Tuesday, November 10, 2020  
5:30 p.m.  
Minutes

### **Mission Statement**

*To assist the Board of Trustees with determining possible trail projects mainly geared towards enhancement of existing trails and possible future trails within the Town of Blue River*

Mark Fossett, Chair; Joel Dixon; Justin Park; Paul Semmer; Michelle Eddy, Town Manager/Clerk.  
Wiley Asher was excused and Mike Rupert was absent from the meeting.

#### I. Trails Guidelines & Plan

- Discussion concerning the draft document and submitting suggestions for changes.
- Suggestion to send the document out via Word and each person to submit tracked changes. Justin suggested emailing narrative of changes and then he volunteered to proof read final document.
- Joel recommended including Town Park and reference to the master plan.
- Paul suggested making the design standards as an appendix. He felt the document is not a plan and focused towards the Town's plan for open space and trails.
- Mark asked that the group work with the current presented document and to have elements added or moved based on one document versus multiple documents. He stated he would like to have some revisions and reviews with hopes that to present to the Board of Trustees as a plan in January.
- General discussion about what should be in the plan. Discussion on how this plan will work with the Town Comprehensive Plan.
- Joel recommended adding in areas identified for potential open space non-trail areas. He also recommended including section addressing trailheads. This should be in the zones chapter.
- Discussion that design standard should be an appendix and the focus should be the plan zone chapter.
- Discussion of trailheads and challenges.
- Mark asked the group to email any changes and comments to Michelle by December 1, 2020.

#### II. Next Meeting

- December 8, 2020

#### III. Adjourn
